

MESSAGE OF ENCOURAGEMENT TO THE INDOMITABLE LIONS ON THE OCCASION OF THEIR PARTICIPATION IN THE QATAR 2022 WORLD CUP OF FOOTBALL.

As our national football team, the Indomitable Lions, prepares to go into the arena to defend the national colours at the Qatar 2022 World Cup which opens on 20 November, I would like to send them my warmest wishes of success in this competition which brings together the best national football teams on the planet. To the players who, in a heroic way, have once again raised us to the elite of world football, and who will have the exceptional privilege and the heavy responsibility of wearing the jersey of the emblematic Indomitable Lions of Cameroon on this special occasion, I would like to ask them to do no less than their heroic elders in 1990 in Italy, in any case to go the far as possible in this competition, by extending their legendary conquering spirit to fair play.

Let them remember that they are the flag bearers of our country and must in all circumstances give a good image of Cameroon to the face of the world. To the leaders and supervisors of our national team, I wish full success in their delicate mission.

The Lions supporters that we all are, must carry, wherever we are, our legendary national team from victory to victory with our powerful patriotic spirit.

GO LIONS!

GOOD LUCK TO OUR BRAVE FIGHTERS! WE WILL ALWAYS BE YOUR FANS NO MATTER WHAT.

Cameroon O bosso!

Si tamdze!

Maurice Kamto.
