MESSAGE OF CONDOLENCES

We have learned with great sadness of the death of the Chairman of the SDF, Ni John FRU NDI, which occurred today as a result of illness. Memories jostle in the head in the face of the disappearance of this atypical, courageous, charismatic politician who left an indelible mark on the political struggle for freedom and democracy. He was able to arouse a crazy hope among the Cameroonian people, particularly in the 1990s, and contributed decisively to the return of the multiparty system in Cameroon. It is a remarkable political legacy for which Cameroonians from all sides must pay him a deserved tribute.

As he leaves us, I would like, on behalf of all the militants and supporters of the Cameroon Renaissance Movement, and on my own behalf, to express to his family and to his political party, the SDF, which he shaped, our sincere condolences and our compassion.

Like a few other emblematic political figures of the years of fire, he will be missed in the fight for national recovery and the shared progress of our country. May the land of Cameroon be light to him and his soul rest in peace.

Done in Yaoundé, June 14 2023

The National President of the CRM

Maurice KAMTO
